*“UTM-FKA students bagged nine awards in the Taiwan IDEERS 2012, an international competition”*

# OUR STUDENTS AND GRADUATES

## Academic Highlight

Under Global Outreach Programme (GOP) in 2012, 19 programmes has been organised under 7 main activities of Industrial Training, Academic Visit, Student Exchange, Summer School Abroad, Competition, Conferences and Workshop.

Those programmes successfully brought 69 students and 20 accompanying staff to 10 countries Arab Saudi, Turki, China, Indonesia, Japan, Korea, Republic of Yemen, Singapore, Taiwan and United Kingdom. Previous year in 2011, countries visited are including Australia, USA, Saudi Arabia, Europe, Hong Kong, Taiwan and Indonesia, involving a total of 143 students and 20 accompanying staff.

As a result, over the years, student's performance had shown very impressive improvement. The percentage of GoT students increased from 88% in year 2009 to 93.1% in year 2012. The average percentage of KB Clean over the years is 93%, which is considered as an outstanding accomplishment. By comparing the number of graduates in each semester, the first class graduates have increased to 92 students in 2009/2010-2, which is approximately 30% from the total graduates.

### Graduate Employability

UTM-FKA graduates are highly sought after. With one in every four civil engineers in Malaysia graduated from FKA-UTM, we stand tall and are very proud to be the largest contributor of quality civil engineering graduates to the nation.

The University conducts a tracer survey to measure Graduate Employability with the aim to see if there is any problem of our graduates not securing jobs related to their undergraduate training.

For UTM-FKA graduate employability has been consistently more than 87% for the past 10 years.
