Problem Statement

Problem : Lecturers are always left puzzled with students' performance. They have conducted their best to deliver the lecture and to make sure everyone in classroom get the concept right. However, at the end of the semester when the final examination results are released, the findings are not as expected. It seems that students do not get the concept well and their understanding on the subject is poor.

Solution : Therefore, the teaching reflection form was designed in google form to obtain students' feedback on their teaching and learning experience. This is to make sure that the Course Learning Outcome intended is in line with the teaching & learning activity and assessment.

Copyright Category : Evaluation Form

Brief description of the invention
